and admission tickets. The net value of air time or print space, if any, shall be deemed to be the actual market value of the air time or print space, based on an average of actual unit prices paid contemporaneously for comparable times or spaces, less the value of increased ratings or other benefits realized by the media outlet as a result of the promotion.”

Contributions from a government entity or from any entity that received more than 50% of its revenue in the previous fiscal year from public sources (e.g., TDCs) are not considered private contributions for purposes of calculating the required one-to-one match.

If the one-to-one match is not made, the unmatched funds must be returned to the state by June 30.

Data used in developing reports, such as tourism impact estimates, must be shared with the Office of Economic and Demographic Research (rather than just the conclusion reached from the underlying data).

1180 ~~contributed, the value of loaned employees, discounted service~~
1181 ~~fees, items contributed for use in promotions, and radio or~~
1182 ~~television air time or print space for promotions. The value of~~
1183 ~~air time or print space shall be calculated by taking the actual~~
1184 ~~time or space and multiplying by the nonnegotiated unit price~~
1185 ~~for that specific time or space which is known as the media~~
1186 ~~equivalency value. In order to avoid duplication in determining~~
1187 ~~media equivalency value, only the value of the promotion itself~~
